

The Danger Zone

The DANGER ZONE is the area immediately surrounding the school bus. It extends up to 30 feet in front and 10 feet behind the bus, and 10 feet from the sides. The area of greatest danger is immediately in front of the front bumper and right rear wheel. Teach students “if you can touch the bus, you are TOO CLOSE,” and “if you can’t see the driver as you cross the street in front of the bus, you are TOO CLOSE.” Students should always cross at least 10 feet in front of the bus.
